I thought we were going to hold off awarding a \$5000+ contract until we got a less ambitious project awarded. I just don't see spending this much until we do some more investigation as to what we can really build at that location.
Artic people, I feel, would be willing to do some initial sketches and someone with construction experience could guide us what would actually be possible.
I see no big rush to spend money!
Warren

Subject: LAST RFP we were waiting for Gateway Entrance Signage

Good afternoon,
We got the last RFP in for the gateway signage project. Is everyone available on Tuesday at 9:30am for a meeting to select a contractor?
FYI, my son is graduating college and I will be in Arizona from Thursday to Monday, May 11-15, 2017 to attend his graduation.

Thank you.
Lorena Parker

Hi Andy, Thanks for taking time to speak with me yesterday. Per your request, attached is our proposal for the gateway sign at the intersection of West 6th St. and N. Harbor Blvd. in San Pedro.
If you have any questions, do not hesitate to contact Jan Cicchetti or myself at this email address or at [310-441-1882](tel:310-441-1882).
Thank you for the opportunity to submit this proposal.
Sincerely,
Anna Mendibala, ASLA

We are requesting RFPs to work with an design or branding agency on designing a new Gateway for the intersection of <https://www.google.com/maps/@33.73144,-118.29154,15z> to represent this area. It is known to be a high traffic zone on weekends, near Ports O' Call, and the upcoming San Pedro Public Market. There is also High Wind.
This project will be the start of a re-branding effort for the San Pedro Historic Quarter/ Westshore District. I attached a PDF of samples to show you samples of a few broch signs from other sites for day and night as reference including an other concept we had for the intersection.
This is a request for quote to pay for work on the following deliverables:
• Concept design
• Three mock-ups day and night
• 3D rendering (if possible)
• Branding research
We are not looking for engineers or technical details at this time until after the concept phase.
Please call me at [310-441-1882](tel:310-441-1882) Monday to Friday 10am-5pm for additional details to help get the quote ready if interested.
We need this Quote ready by early next week ASAP!
Best regards,
Andy Pham - Marketing Manager
